1 x 40mL white glue	42 x plain googly eyes	90 x pom poms
2 x needles	48 x multicolour googly eyes	140 x tinsel sticks

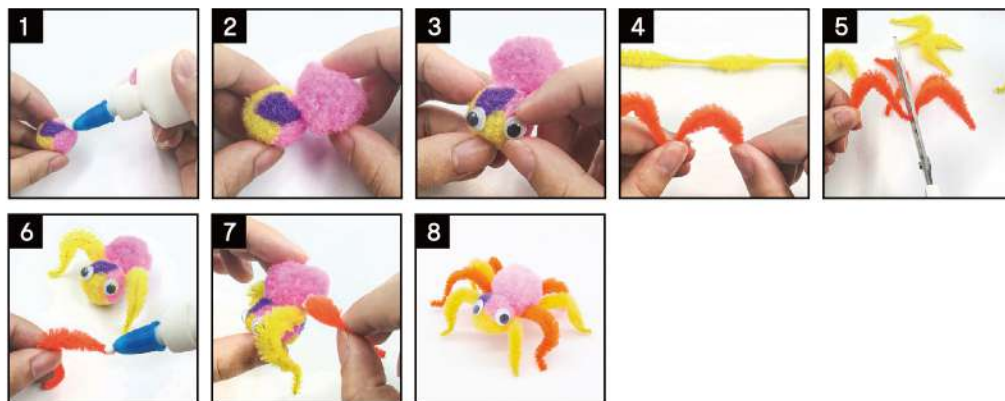

### INSTRUCTIONS:

#### HOW TO MAKE A MONSTER

1. Find a red chenille stick and bend the top around twice, you will get a circle with diameter of 1 cm.
2. Cut off the excess part, this will make a 3cm antenna (scissors not included).
3. Get a red pom pom, poke the antenna into the pom pom, you may need to glue around the bottom antenna edges to make secure.
4. Stick three googly eyes on to make the monster's face.
5. You will then need to adjust the direction of the antenna to make it vertical.

#### HOW TO MAKE A SPIDER

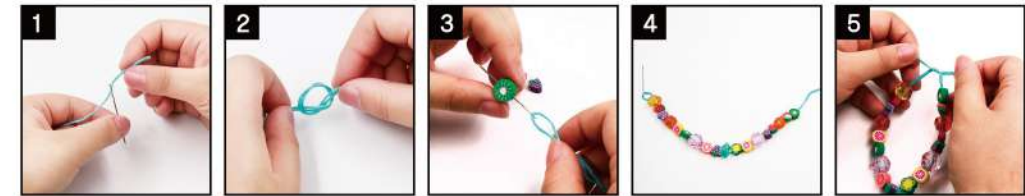

1. Prepare a small colourful pom pom and a large pink pom pom, place a glue dot to the center of the smaller pom pom.
2. Glue the smaller pom pom onto the larger one to create a head and body.
3. Get two googly eyes and press them onto the pom pom.
4. Prepare two chenille sticks in orange and yellow colourway (the kind with bumps along the stick), folding each bump in half.
5. Cut the middle of two bumps, and use 3 or 4 of the chenille stick pieces to make the legs. (scissors not included).
6. Glue the legs you have just made to the under side of the spider body.
7. Bend the legs downward so you can sit the spider on a surface.

### HOW TO MAKE A BRACELET

1. Cut a long piece of coloured yarn and thread through the needle hole carefully (scissors not included).
2. Tie both ends of the yarn into a double knot.
3. Treat both strands as a single strand and slide the beads on.
4. Add beads to the yarn until the length can wrap loosely around your wrist.
5. Tie both ends of yarn together to finish your bracelet.

### HOW TO MAKE A CAKE

1. Draw cone lines onto the yellow felt piece, one suggested measurement is about 5cm high x 14cm width, but feel free to adjust as preferred.
2. Cut the shape out (scissors not included).
3. Roll the felt piece into a cone shape, and apply some glue to connect the parts, pressing the side edges together and make sure that they are lined up, after a few minutes the cone is ready to be used, tape to secure if needed.
4. Prepare a red, yellow & fluffy pink chenille stick and twist them together.
5. Begin curling the sticks around your fingers until you have come to the end. When you remove the stem from your fingers, you should have a small hat shape with a brim, which will be the top of the cake.
6. Pinch the spiral between your fingers to compress them and close any gaps, then apply white glue all around the underside of the brim and set the cake on the cone to cover half of cone.
7. Decorate the cake by gluing the beads onto the cake.
8. Glue the red pom pom on the top of cake as a cherry.
