Instructions 148mm x 210mm

CRAFT Make Your Own Unicorn Sand Ornaments

Place a messy mat, old cloth or newspaper over your work surface to catch spills.

anko

1. Put the funnel into the first sand jar. Select the first sand colour, cut the corner off the sand packet with scissors (not included). Pour the sand into the bottle to the desired level.

3. Carefully cut the corner from the mica packet and pour a very small amount into the bottle. The mica can stick to the side of the bottle add it in small amounts.

5. Repeat steps 1–4 with the other 2 unicorn bottles.

2. Choose the next colour of sand or the salt crystals and repeat step 1. Between colours stand up the open bags of sand in a cup or small bowl (not included).

4. Repeat steps 1–3 layering the different colours until the first unicorn is full and put the cap on the bottle.

6. Decorate the bottles with the sticker eyes & shapes. Your unicorn bottles are now ready to display.
