INSTRUCTIONS

Tip: For best results, please read all instructions thoroughly before beginning projects.

NOTE: ADULT SUPERVISION IS REQUIRED FOR THIS PROJECT.

WAX HANDLING AND CANDLE MAKING SAFETY INFORMATION:

- Not suitable for children under 8 years
- Avoid skin contact with melted wax as it may cause burns
- If wax spills on skin, immediately apply cold water to burn area
- Wax container will remain hot until the melted wax inside has completely cooled
- Never leave a candle burning unattended
- Burn candle out of reach of children and pets
- Always leave at least 10cm between burning candles
- Do not burn candles on or near anything that can catch fire
- Always place candle on a protected surface

WHAT YOU NEED

- 3 gold tins
- 3 candle wicks
- Sticker labels
- Soy wax 120g
- 3 wick holders
- Microwave safe mixing bowl (not included)
- Mixing stick (not included)
- Microwave (not included)

STEPS

Start by covering your work area with some newspaper or scrap paper. Make sure to wear an apron or old clothing to prevent your clothing from mess. We also suggest using a pair of disposable gloves.

- 1** Prepare your 3 candle tins on a flat surface, ready to pour the wax into them once it is melted.
- 2** Pour the soy wax into a microwave safe bowl. Heat in the microwave for 2 minutes. If the wax has not completely melted, return to microwave for 10 seconds at a time until completely melted. Remember to stir the wax often using a mixing stick. Adult assistance is recommended when melting the hot wax.

- Once the wax has been fully melted, pour the wax into each candle tin, filling it close to the top of the tin. Get an adult to help as the wax will be very hot.
- After wax is poured, place a candle wick into the centre of the tin. Be cautious, the tin will be very hot. Use a wick holder to make sure the wick stands up straight while the wax cools down.
- Allow all 3 candles to cool down. Once they are cool, remove the wick holder and add the stickers to the top and sides of the tins to give them some style!
- Now your candles are finished and ready to light!
