

Wooden Battle Blocks

KC 43302185

This throwing game is suitable for 6+ years old children and adults. It requires no special equipment and success is based on a combination of chance and skill. Minimum 2 players are required.

Parts List

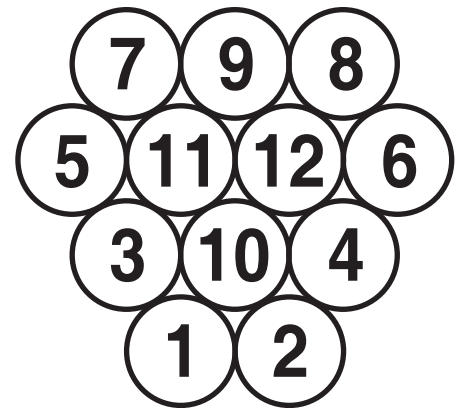

12 x block pins which are marked with numbers from 1 to 12

1 x battle pin

1 x wooden carry crate

Before the Game

The pins are initially placed in a tight group in an upright position 3–4 metres away from the throwing place. The pins are placed in a formation shown on the right. For the first game, the throwing order is drawn. In following games, the throwing order is determined according to the previous game results from lowest to highest score.

Start the Game

First player throws the battle pin to the pins group and tries to knock over blocks.

Score

Knocking over one block scores the number of points marked on the block. Knocking 2 or more block scores the number of block knocked over. A block does not count if it is leaning on the battle pin or is one of the numbered blocks (it must be parallel to the ground to count). After each throw, the blocks are stood up again in the exact location where they landed.

End the Game

The first player to reach exactly 50 points wins the game. Scoring more than 50 points will be penalised by setting the player's score back to 25 points. A player will be eliminated from the game if they miss all of the target pins three times in a row.

FOR AU/NZ: IMPORTED FOR KMART STORES IN AUSTRALIA AND NEW ZEALAND.
