

CRAFT

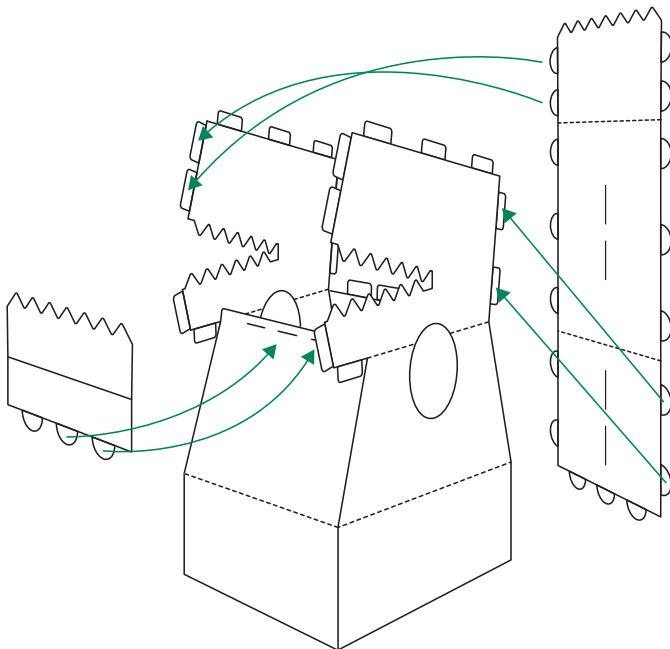

Make Your Own Dinosaur Costume

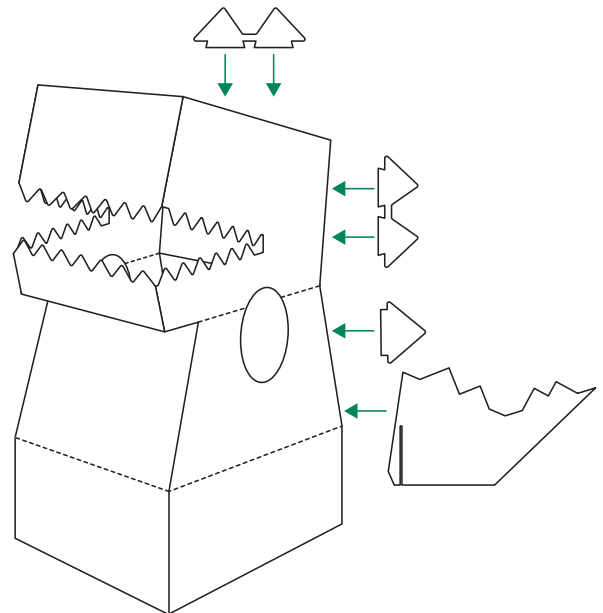

1 Attach the front of the body to the left side by inserting the tabs into the slots. Then repeat this with the right side on the opposite side of the front panel.

2 Attach the back panel to the left and right sides of the body like you did in step 1.

3 Use the tabs to join the mouth piece to the front section of the body. Then join the head section to the top of the back and both sides wrapping over the top of the head finishing at the mouth.

4 Finish the dinosaur costume by putting the tabs of the spikes & tail in the slots.
