# Dinosaur Craft Box

8+ years

Note: Find a flat surface and cover the work area with newspaper or paper towels before you start.

## VOLCANO ERUPTION SCIENCE KIT

1. Put the red powder into the volcano.
2. Dissolve the white powder into water with the wooden stick.
3. Slowly pour the liquid into the volcano and observe the eruption!

## 2D MOSAIC DINOSAUR KIT

1. Stick the mosaic stickers onto the dinosaurs, matching the sticker's colour with the dinosaur's counterpart.
2. Criss-cross the sticks to stand up the dinosaurs.

## FOAM DINOSAUR MASK KIT

1. Tie the elastic with the EVA sheet to make the dinosaur mask.
2. Decorate your dinosaur mask with EVA stickers.

anko

## MOULD & PAINT PLASTER FOSSILS KIT

1. Mix the powder and water in a 7:3 ratio into the bowl, and mix with the wooden stick.
2. Pour the mixture into the blister mould, and let it dry for at least 3 hours.
3. After the plaster fossils have completely dried, remove from the mould and paint your designs.

## 2D HAND PUPPET DINOSAUR KIT

1. Fold the dinosaur pieces along the crosses.
2. Assemble the 5 parts in order to complete your hand puppet dinosaur.

## DINOSAUR SCENE BOX

Decorate your scene box with stickers.

- Paints: Water, Polyacrylic Acid, Calcium carbonate, Glycerol, Trimethyl Hydroxypropyl leucotaurate, Hydroxyethylcellulose, Chlorocresol, C.I. Pigment Orange 43, Titanium Dioxide, C.I. Pigment Green 7, C.I. Pigment Yellow 3, Pigment Red 631, C.I. Solvent Black 5

**SAFETY RULES:**

- Read these instructions before use, follow them and keep them for reference.
- Keep young children and animals away from the experimental area.
- Store this experimental set out of reach of children under 8 years of age.
- Clean all equipment after use.
- Make sure that all containers are fully closed and properly stored after use.
- Ensure that all empty containers are disposed of properly.
- Wash hands after carrying out experiments.
- Do not use any equipment which has not been supplied with the set or recommended in the instructions for use.
- Do not eat or drink in the experimental area.
- Do not allow chemicals to come into contact with the eyes or mouth.
- Dispose of contents/container to authorised hazardous or special waste collection point in accordance with any local regulation.

**ADVICE FOR SUPERVISING ADULTS:**

- Read and follow these instructions, the safety rules and the first aid information, and keep them for reference.
- The incorrect use of chemicals can cause injury and damage to health. Only carry out those experiments which are listed in the instructions.
- This experimental set is for use only by children over 8 years.
- Because children's abilities vary so much, even within age groups, supervising adults should exercise discretion as to which experiments are suitable and safe for them. The instructions should enable supervisors to assess any experiment to establish its suitability for a particular child.
- The supervising adult should discuss the warnings and safety information with the child or children before commencing the experiments. Particular attention should be paid to the safe handling of acids, alkalis and flammable liquids. - The area surrounding the experiment should be kept clear of any obstructions and away from the storage of food. It should be well lit and ventilated and close to a water supply. A solid table with a heat resistant top should be provided.
- Substance in non-reclosable packaging should be used up (completely) during the course of one experiment, i.e. after opening the package.

**FIRST AID INFORMATION:**

- In case of eye contact: Wash out eye with plenty of water, holding eye open if necessary. Seek immediate medical advice.
- If swallowed: Wash out mouth with water, drink some fresh water. Do not induce vomiting. Seek immediate medical advice.
- In case of inhalation: Remove person to fresh air.
- In case of skin contact and burns: Wash affected area with plenty of water for at least 10 minutes.
- In case of doubt, seek medical advice without delay. Take the chemical and its container with you.
- In case of injury always seek medical advice.

**DO YOU KNOW THE TELEPHONE NUMBER OF POISON CENTRE OR HOSPITAL?**

We suggest that you should check and enter it before playing so that you can seek help in time in case of intake by accident of dangerous substances.
