### CLIP ON STREAMING LIGHT

K: 43351633 | T: 68734527

Model No.: 205140

#### IMPORTANT SAFETY INSTRUCTIONS:

The following safety precautions should always be followed, to reduce the risk of electric shock, personal injury or fire. It is important to read all of these instructions carefully before using the product, and to save them for future reference or new users.

1. This product must only be used as intended in accordance with the enclosed operating instructions.
2. If the external flexible cable or cord of this luminaire is damaged, this product should be discarded.
3. If the luminaire stops unexpectedly or appears to malfunction, switch off the power supply and stop using immediately. Seek professional advice to rectify the fault or make repairs.
4. Switch off the power supply when not in use, before cleaning or changing accessories.
5. Keep the luminaire and cable away from sources of heat, sharp objects or anything that may cause damage.
6. Be aware that some surfaces may become hot. Do not touch hot surfaces and supervise others accordingly.
7. This product has not been designed for use by children. Children should be closely supervised at all times when they are near any electrical appliance.
8. To protect against electric shock, never allow the luminaire come into contact with water or any other liquid.
9. Never reach this luminaire that has fallen into water. Do not re-use until the product has been inspected and approved by a qualified electrician.
10. Do not use outdoors. This luminaire has been designed for domestic indoor use only.
11. Use only a microfiber and dry cloth for cleaning the product.
12. Operate carefully to not cause any damage by dropping or physical shocking it.

13. Do not leave the product in excessive heat, high temperatures can cause the product to malfunction.
14. The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.
15. Not suitable for mounting on tubular material.

#### Matters needing attention

1. When the light is on, do not look directly at the led source.
2. Water or other liquids shall not drop into the equipment during use, so as not to cause short circuit of internal and external circuit and damage the equipment.
3. Avoid placing the lamp near flammable and volatile solvents such as alcohol or gasoline.
4. Please turn off the lamp when it is placed on or other articles, otherwise it may cause fire or damage the lamp.

#### Precaution for cleaning

Please clean the lamp with a dry soft cloth. You can wipe away the dirt that is difficult to remove with a cloth slightly stained with some neutral detergent, and then wipe it dry with a soft cloth.

Do not use strong cleaning agents, such as diluent, gasoline or alcohol, because these solvents will damage the protective layer of the surface.

#### Precautions when using USB cable

- Keep dry otherwise it may cause fire or electric shock.
- Do not damage, disassemble, pull or twist the power cord. Do not place it under heavy objects or close to heat sources or flames.
