LEARNING THE STITCHES

OVERHAND KNOT

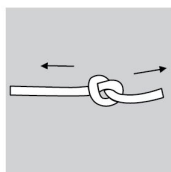

USE AN OVERHAND KNOT TO TIE OFF THE EMBROIDERY THREAD BEFORE BEGINNING, AND AT THE END OF THE AREA YOU ARE STITCHING.

Pass the end of the thread around and over itself to form a loop.

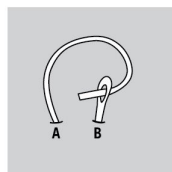

Tuck it inside the loop and pull it out completely.

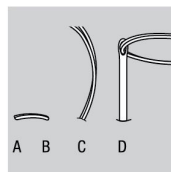

Pull both ends to tighten.

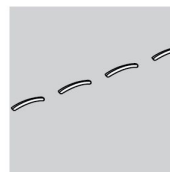

RUNNING STITCH

Bring the needle up from point A and then back down at point B to create a single straight stitch.

Bring the needle back up at point C and back down at point D.

Continue until you have finished stitching.
