3 Tier Expandable Organiser

Components
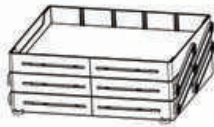

1 Drawer	
12 Dividers	
4 3M Tapes	
4 Screws	

1. Select the space where you would like to install your Smart Drawer, clean the area thoroughly and make sure it is completely dry.

2. To choose the size that works best for your drawer, hold both sides of the Smart Drawer and gently pull it out until it reaches the desired size. (Fig.A) NOTE: Be sure your Smart Drawer can fully open and close successfully in its spot and then collapse the unit shut.

3. Fasten your Smart Drawer in place. Your Smart Drawer comes with 4 pieces of 3M tape and four screws for securing the unit. You may use either or both options to fasten your Smart Drawer in place.

4. Use the dividers to customise your Smart Drawer storage. (Fig.B)
