### HOW TO CHARGE:

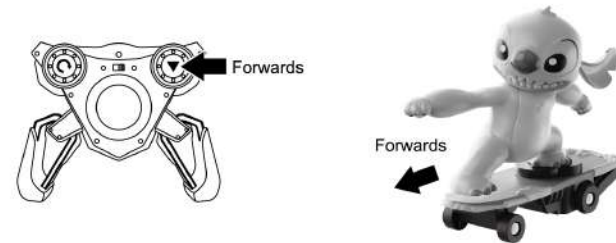

Attention: Do not charge battery immediately after each play, let the battery cool down for a while.

- 1 - Loosen the screw to open the battery cover.
- 2 - Separate the rechargeable battery pack from connector.
- 3 - Connect the USB charging cable with rechargeable battery first. (The battery connector will only fit in one way, do not force the connectors together), then plug the large end of USB cable into a 5Vd.c.2A charger (not supplied) or USB port only. The LED light on the USB charging cable will light up when charging.
- 4 - The LED light extinguishes after it has finished charging. Disconnect the USB charging cable from the USB port and then disconnect the rechargeable battery with USB charging cable.

### HOW TO USE SIMULTANEOUSLY:

- 1 - Turn on the vehicle first and then turn on the transmitter.
- 2 - Press the forward button of the transmitter to match the vehicle.
- 3 - When the vehicle is functioning, that means they are matched.
- 4 - If you have more than two vehicles, please pair one by one. When the second vehicle is pairing, please always keep the first vehicle and transmitter on.
- 5 - Please turn off both the vehicle and transmitter and re-start all pairing processes if you are changing to play with another 2.4GHz transmitter.
- 6 - How to move forwards: Press the forward button, the vehicle will move forwards.

- 7 - Press the left button to rotate 360 degrees.
