# Assembly Instructions

1. Insert the Long Screw with Nut(J) to connect the Bottom Pole with Screw Base(C) with the Upper & Lower Stand(D & E), so that the screw holes on the pole and the Stands line up. Tighten screws using nuts provided. Then insert the four Screw Foot Pad(K) into the Upper & Lower Stands(D & E) with 4 holes. Use the Screw Base Cover(H) to protect the Bottom Pole(C) and the Screws(J).
2. Insert the Middle pole(B) into the Bottom Pole with Screw Base(C).
3. Insert the Short Hanger(G) and the Long Hanger(F) to the holes of the Top Pole(A) using the Short Screw(I). Finally, insert the Top Pole(A) into the Middle Pole(B).
