Assembly

Step 1: Attach leg with the large suction cup(D) by inserting a clamp(B) into the hole to secure the leg into place. Repeat for second leg.

Step 2: Attach leg with the small suction cup(C) by inserting a clamp(B) into the hole to secure the leg into place. Repeat for second leg.

Step 3: Insert backrest tube(E & F) into base by depressing push pins and sliding supports through both holes.

Step 4: Turn transfer bench right-side-up. To assemble backrest, insert backrest support into pole by depressing push pin and sliding into holes.

Step 5: Attach armrest by depressing push pins and sliding into the arm receptacle on the side of the bench.

NOTE: Make sure the arm arches outward, not inward.

Step 6: Assembled.

NOTE: Place legs with suction cups into bath tub when using.
