ELECTRONIC ANIMAL MANUAL

UNICORN

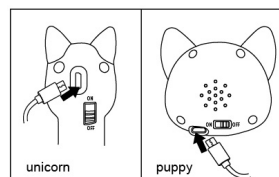

PUPPY

BATTERY CHARGE INSTRUCTIONS

Attention: Do not charge battery immediately after each play, let the battery cool down for a while.

1. Turn off unicorn / puppy.
2. Plug the charger into a USB port and battery as shown. (The battery connector will only fit in one way. Do not force the connectors together). The LED light will light up when charging. When it is finished charging, the light will turn off.

POWERING ON YOUR UNICORN / PUPPY

Once you have fully charged your unicorn / puppy, you can go ahead and power on your unicorn / puppy. To do so, slide the ON/OFF switch of the unicorn / puppy to the ON position. When you have finished playing with your unicorn / puppy, slide the ON/OFF switch to the OFF position. NOTE: When the unicorn / puppy is not being used for longer than a minute, it will make a sound to remind you to turn it off every minute. When your unicorn / puppy is running low in power, it will stop.
