Game Rules

To begin the game, 26pcs sticks are held in one hand and set vertically on a table or other smooth and flat surface, then release them suddenly so that all the sticks fall in a heap. Each player in turn attempts to pick up a single stick from the pile without disturbing any others. If one succeeds they may try again, but if another stick moves the player loses his turn.

1. This game is suitable for 2 or 4 players to play.
2. Points are scored for each player when all the sticks are picked up in hand at the end of the game.
Red & yellow sticks - 2 points
Red-yellow-blue sticks - 5 points
Red-blue-red sticks - 10 points
Red-yellow-red-yellow-red sticks - 15 points
Red-yellow-blue-yellow-red sticks - 20 points
3. The player with the highest scores wins the game.
4. Determine who goes first by having players pick up a stick to score. The highest points scored on one turn will dictate who begins the game.
