

# Kmart Balance Bike Instruction Manual

Congratulations in purchasing Kmart's balance bike. The aim of the balance bike is to assist in development of your child's balance, coordination and steering, as well as building strength and motor skills. Your child will be able to learn how to ride with ease. Please pay attention to the following safety guidelines.

## Important Safety information:

1. Recommended for children 2 years + .
2. Check all parts are in good condition and that screws and tyres are tightened correctly.
3. Protective gear should always be worn when riding any bike (helmet, protectors for knees, elbows and wrists).
4. Always ensure that appropriate footwear is worn whilst riding this bike.
5. Maximum weight is 30kgs
6. Only one person to ride this bike at any given time
7. This bike is not intended for stunting or tricks.
8. Do not use on roadways, always ride in a safe environment such as a park or private property.
9. This balance bike is not constructed for uneven paths, stairs, steep hills, or other rocky surfaces, Damage may be done to the bike and to the rider. Only use on flat surfaces.
10. Adult supervision is required at all times.
11. Check the child's feet can rest on the ground whilst astride the balance bike by adjusting the seat height before allowing child to ride this bike.

Packing List

Assembly of Handlebar and Saddle

Assembly of Front Wheel

Check and Run

## Steps of Assembly

1. Loosen the Inner hex bolt on the Stem and fix the stem into the head tube, tighten the bolt and make sure that the minimum insert mark on stem can not be seen.
2. Push the seat post into the seat tube until the mark can not be seen. Tighten the screw to ensure a steady height of the saddle.
3. Turn bike upside down and rest the handlebar and saddle on the floor. Set the front wheel between the fork and fix the screws tightly. Make sure that the safety pin fits into the designated hole on each side.
4. Balance Bike is assembled. Check all screws being tightened and enjoy your riding now.

## Maintenance

1. Clean with a soft cloth and a little water with washing liquid.
2. The product must not be stored in places with high temperature, intensive sun light, excessive dust and must be kept dry.

## WARNING

Item to be assembled by adult only. Choking Hazard, contains small assembly components with functional sharp points and edges.
