CAUTION

- Danger of explosion if battery is incorrectly replaced.
- Replace only with same or equivalent type.
- Attention should be drawn to the environmental aspect of battery disposal.
- The use of apparatus in moderate climates.
- The batteries shall not be exposed to excessive heat such as sunshine, fire or the like.

WARNING:

- Do not dispose of unit in fire or water.
- Never attempt to disassemble and reassemble. Waste electrical products should not be disposed of with household waste, please recycle where facilities exist. Check with your local authority for recycle advice.
- Keep your device and all accessories out of the reach of children and animals. Small parts may cause choking or serious injury if swallowed.
- Avoid exposing your device to very cold or very hot temperatures (below 0°C or above 45°C).
- Extreme temperatures can cause deforming of the device and reduce the charging capacity and life of your device.
- Do not allow your device to get wet—liquids can cause serious damage. Do not handle your device with wet hands.
