This product shall be supplied by a power source not exceeding PS1 only. This Bluetooth earpiece shall be charged by the supplied charging unit only.
CAUTION The batteries in this product are not replaceable. During use, storage or transportation the battery should not be subjected to extremely low temperatures, or low air pressure at high altitude. If the battery is exposed to extremely high temperatures it could result in an explosion or the leaking of flammable liquid or gas. Please take care when disposing of the unit; disposal in a fire, oven, mechanically crushing or cutting machine could cause explosion.

Function overview:

Note: Please remove insulation film from the charging terminals and charge the earphones and case before use.

WARNING Do not dispose of unit in fire or water. Never attempt to disassemble and reassemble. Waste electrical products should not be disposed of with household waste, please recycle where facilities exist. Check with your local authority for recycle advice. Keep your device and all accessories out of the reach of children and animals. Small parts may cause choking or serious injury if swallowed. Avoid exposing your device to very cold or very hot temperatures (below 0°C or above 45°C). Extreme temperatures can cause deforming of the device and reduce the charging capacity and life of your device. Do not allow your device to get wet—liquids can cause serious damage. Do not handle your device with wet hands.

Bluetooth® Pairing

- Go to "Bluetooth" Settings on your Bluetooth device (phone, tablet, etc.)
- Turn the Bluetooth ON on your device.
- Open the charging case, the Earphones will automatically power ON (or they can be turned on manually) and remove the earphones from the case. The LED indicators on the left and right Earphones will flash blue for 5 seconds and then either earphone will continue to flash blue as both earphones

automatically sync to each other. Once synced the Earphones will enter pairing mode, which is identifiable by either Earphone flashing blue and red.

- On your Bluetooth Device, select the pairing name of your Earphones on the list of available devices. Pairing name is: KM43026722.

Trouble shooting tip

- If the Earphones do not connect to your device, turn the Earphones OFF, turn your device's Bluetooth OFF and then back ON, then repeat the pairing process.
- Your Earphones are designed to automatically sync to each other when they are turned ON, however if they ever fail to sync, please put both Earphones back into the charging case and close the cover to turn them OFF; then open the cover and the Earphones will turn ON and sync together again.

Phone Calls

If there is an incoming call on your Bluetooth device, the Earphones will pause the playback and ring to alert you of the call. Press either Earphone button to answer the call or press and hold either button for 3 seconds to reject the call. To end the call, press either Earphone button again.

Charging the Case

- Connect the micro USB charging cable into the socket on the Charging Case.
- Plug the cable into a standard USB 5V/1A output.
- The LED indicator on the case will flash green while charging and stay green when fully charged.

Warning: To avoid damage to the Charging Case, please only use a 5V/1A charger.

FRONT

Charging the Earphones

- Put the Earphones into the Charging Case. The earphones LED indicator will stay red while charging, the LED on the case will stay green when the case is supplying power to the Earphones.
- When the Earphones are fully charged, the red LED on the Earphones will turn blue and then turn off after 30 seconds.

(Note : The Earphones come with a built-in rechargeable battery. Before using them for the first time, we recommend you fully charge the battery. A full charge takes approximately 1 hour).

WARNING : The Earphones can only be used with the provided Charging Case
