Charging the Speaker

Plug the micro-USB connector (smaller) of the included charging cable into the micro-USB port on the top of the speaker. Plug the USB connector (larger) into a USB power source, or into a **5V USB charging adapter** (not included) and plug into a wall outlet.

The LED indicator will **turn RED** while charging and turn OFF when fully charged. On low power, a tone will be periodically heard, indicating that the speaker needs to be recharged.

Powering ON/OFF

Make sure that the speaker has been charged.

- Flip the [Power] Switch to the ON position to power ON. A tone will be heard, and the speaker will enter Bluetooth pairing mode. It will automatically re-pair to any nearby, previously-paired device with Bluetooth enabled.
- Flip the [Power] switch to the OFF position to power OFF.

Playing Music

To play music on the speaker, you must be paired to a Bluetooth-enabled device or connected with an aux cable. See the **Bluetooth Pairing** and **Using with a Wired Device** sections of this manual.

Adjusting Volume

- To adjust overall volume, turn the Main Volume Knob on the top of the speaker, or use the controls on your connected device.
- To adjust microphone volume, turn the Mic Volume Knob.

Connecting with Bluetooth

1. Power the speaker ON. A tone will be heard, and the LED indicator will **quickly flash BLUE**.
2. Set your mobile device to search for Bluetooth devices. When it appears, select **BSSK1050BK** from the list of found devices.
3. After a successful pairing, a tone will be heard and the LED indicator will **slowly flash BLUE**.

In Bluetooth mode, playback and volume can be adjusted by the controls on the top of the speaker, or by the controls on your paired device.

Using the AUX Input

Insert one connector of a 3.5 mm auxiliary cable (not included) into the 3.5 mm auxiliary input port on the top of the speaker.

Insert the other connector into the headphone jack or 3.5 mm AUX output port on your media-playing device. The LED indicator will **turn solid BLUE** and all Bluetooth pairings will be disabled when the AUX input is in use.

Using the Speaker Lights

Press the [LED] button to cycle through the light modes.

Setting Up the Stand

Insert the base of the included mic stand into the stand holder on the top of the speaker, as shown in the diagram at right.

Pull the body of the stand up or down to adjust to the desired height.

Using the Microphone

Plug the connector of the included microphone into the Mic 1 Input port on the top of the speaker. Slide the microphone into the microphone holder at the top of the mic stand.

You can plug a second microphone (not included) into the Mic 2 Input port on the top of the speaker.

Microphone Controls

- Slide the microphone's power switch to the ON or OFF position to power the microphone ON or OFF.
- Adjust microphone echo using the Mic Echo Knob.
- Adjust microphone volume using the Mic Volume Knob.

NOTE: In order to avoid loud feedback, keep the microphone pointed in the opposite direction of the speaker. When not using, turn the mic volume down or turn the microphone off.
