

# IN A WOBBLE

## THE HILARIOUSLY FUNNY **WOBBL** DRAWING GAME!

### Aim of the game:

Be the first team to draw and guess 5 objects.

### Before you begin:

Decide if you will play using the red or blue side of the cards.  
Shuffle the cards and place them face down on the table.

### How to Play:

- Players divide into teams of two or more players.
- The youngest player takes a card from the top of the pile, then chooses which object they would like to draw.
- This player has one minute to draw the object using the wobble pen!
- The other player/s on the team should try to guess what the object is as the player is drawing.
- If they guess the object correctly within a minute they should place the card on the table in front of them.
- If they do not guess the object correctly within a minute, the card should be placed at the bottom of the pile.
- Play should then pass to the team on the left.

The above game play should continue until one team guesses 5 objects correctly, and so collects five cards in front of them. This team wins!
