

# Instruction Manual:

**One day before set-up, lay out flat the plastic backdrop mesh and place heavy books at each end to flatten out.**

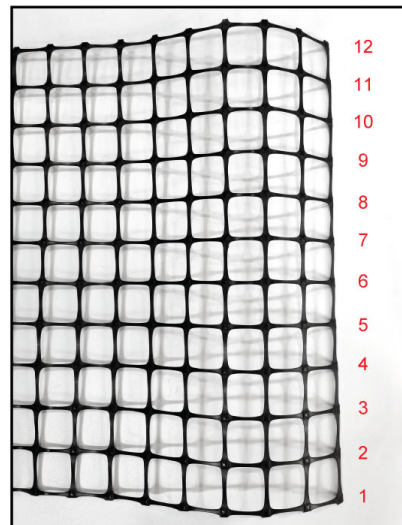

1. Hang the black mesh backdrop in your desired position – hang up using string, fishing wire or removable wall hooks.
2. Begin at the bottom of the backdrop
3. **BOTTOM SECTION OF STREAMERS** - Starting from the left, hang streamers on rows 1 and 2 - threading streamers through so both ends of the streamer hang at the front of the backdrop (see below image)
  - a. 1st colour hang 13 streamers across
  - b. 2nd colour hang 14 streamers across
  - c. 3rd colour hang 13 streamers across
  - d. There will be extra streamers – double layer them over other streamers for added bulk.

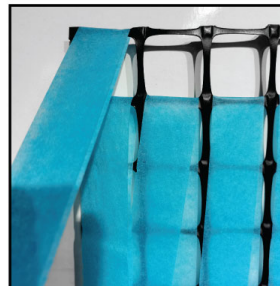

4. **MIDDLE SECTION OF STREAMERS** - Starting from the left, hang streamers on rows 5 and 6 - threading streamers through so both ends of the streamer hang at the front of the backdrop (see below image)
  - a. 1st colour hang 14 streamers across
  - b. 2nd colour hang 13 streamers across
  - c. 3rd colour hang 13 streamers across
  - d. There will be extra streamers – double layer them over other streamers for added bulk.

## MESH ROW NUMBERS –

5. **TOP SECTION OF STREAMERS** - Starting from the left, hang streamers on rows 11 and 12 - threading streamers through so both ends of the streamer hang at the front of the backdrop (see below image)
  - a. 1st colour hang 13 streamers across
  - b. 2nd colour hang 13 streamers across
  - c. 3rd colour hang 14 streamers across
  - d. There will be extra streamers – double layer them over the top of mesh to fill gaps and cover any of the plastic mesh possibly showing.

6. And you're finished! End result should look like the below....

Size: 180x270mm
