Assembly Instruction

Note: To assemble easily and successfully, please keep the cap nut at the bottom side and the bolts fastened at 70% tightness while installing the parts. Once assembled, fasten all bolts and cap nuts tightly ensuring they are secure and cannot loosen. Assembly tools are not included (screwdriver & wrench).

Step 1. Lay the tray (A) on its side, then connect the handle (E) to the tray securing with bolts (G). Repeat this process for both handles.

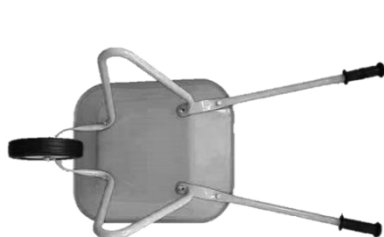

Step 2. Connect the right leg (C) with the part base of the handle on the underside of the tray, then secure them with bolts F & G. Repeat steps for the left leg.

Step 3. Insert the metal tube of part (H) into the hole of wheel (D), then place the wheel in the middle between the two legs, secure them with bolt (H).

Fasten all the bolts, then your wheelbarrow is now ready to use.
