

3+ YEARS

Pirate Boat Balancing Game

INSTRUCTIONS

Contents:

1 boat, 3 masts, 1 wave accessory, 16 penguins

How to assemble:

Playing the game:

If there are two players, each player takes eight penguins.

If there are three players, each player takes five penguins. Set the remaining one aside.

If there are four players, each player takes four penguins.

Place the assembled boat on a flat surface. Each player takes a turn to put the pirate penguins on the boat without it falling over. The first player to cause the boat to tip and one or more penguins to fall loses the game.

Note: If the penguin falls, but does not fall overboard, the game continues.
