Special Feature

-  This lighted makeup mirror uses Lifetime Energy Saving LED bulbs. Replacement bulbs are not required
-  Brightness adjusting switch
-  Select white, green, red, blue or purple light
-  Tightening the screw will fix the mirror in position and stop it from being able to rotate
-  USB charging more environmentally friendly

How to use the mirror

The mirror is powered by 4000mAh li-polymer battery, please make sure it is fully charged

Press the power button on the base of mirror to light up mirror.

hold the light button down for 1-3 seconds to adjust light brightness.

Press the light button to switch between white, blue, red, green or purple lights

Touch the power switch again, the lights will be turned off.

Charging indication

If the LED colour starts to dull this indicates battery power is low and will need charging. If the indicator light begins to flick red the mirror is going flat and needs charging or it will turn off
