

DIY Punch Needle Tote Bag

Kit Includes

- › 1 x tote bag
- › 1 x 15cm embroidery hoop
- › 6 x coloured yarns
- › 1 x punch needle
- › 1 x threader
- › 1 x instruction sheet

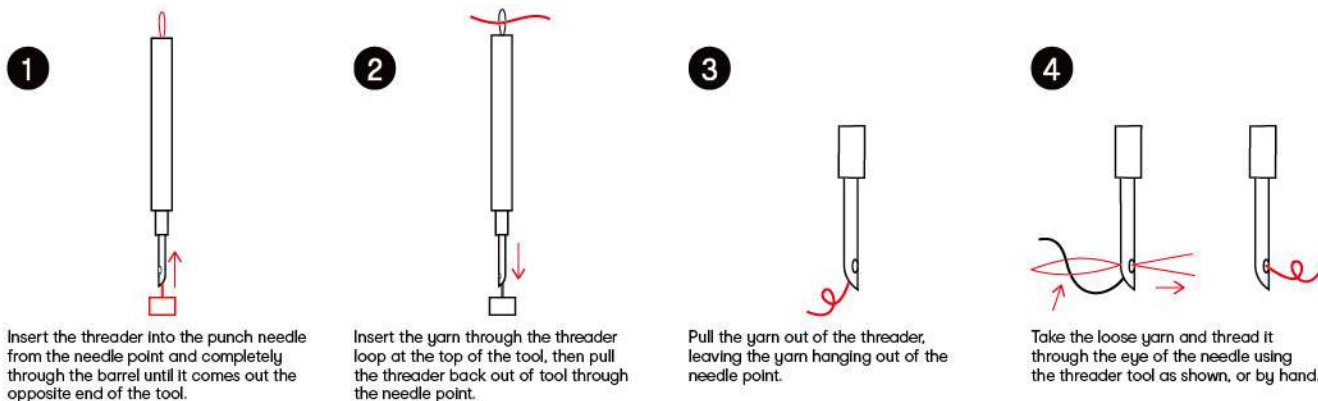

Tips

- Prepare the fabric on the embroidery hoop by separating the 2 circle. Insert the small circle inside the bag and place it behind the printed flower. Place the larger circle over the top and press down to secure the fabric in the hoop. Tighten the screw and gently pull the fabric edges to ensure it's taut. Do not pre wash the bag.
- Begin your punch needling by following the guide image for colour reference.
- The needle must be pushed all the way in on each stitch to create an even look.
- If you make a mistake, simply pull the yarn back out and brush your hand over the fabric to even the holes.
