

INSTRUCTIONS

- 1 Cut out your chosen pattern and peel off the protective film.

- 2 Place the adhesive side of the sticker onto the bottle.

- 3 Use a wet sponge or towel to soak the paper.

- 4 Place light pressure onto the sticker for 30 seconds.

- 5 Remove the sticker paper gently.

To remove

1. The sticker will usually fall off in a few days.
2. Use wipes to remove any sticker residue.

Cautions: Keep away from fire and water before use.
