# DIY Punch Needle Zip Pouch Kit Instruction Manual

## Kit Includes

- 1 x zip pouch
- 5 x coloured threads
- 1 x embroidery hoop
- 1 x punch needle
- 2 x threaders
- 1 x instruction sheet

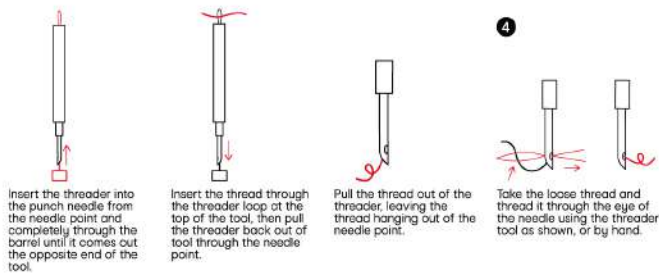

## Tips

- Prepare the fabric on the embroidery hoop by separating the 2 circles. Flip the zip pouch, show the printed shapes outside. Insert the small circle inside the pouch cover and place it behind the printed shape. Place the larger circle over the top and press down to secure the fabric in the hoop. Tighten the screw and gently pull the fabric edges to ensure it's taut. Do not pre-wash the fabric.
- Begin your punch needling by following the guide image for colour reference.
- If you make a mistake, simply pull the thread back out and brush your hand over the fabric to even the holes.
